

MANDY BOURSICOT ATELIER

FALL 2019
8-WEEK COURSE

LEARN TO DRAW
OCTOBER 9 - NOVEMBER 27, 2019

LEARN TO DRAW

WEDNESDAYS, 6-9PM, \$480

OCTOBER 9, 16, 23, 30 / NOVEMBER 6, 13, 20, 27

This is an 8-week skill-based training method for the beginner artists: Learning to Draw using the Classical Method develops both observational and conceptual skills simultaneously. Each lesson focusses on one formal element of drawing with subsequent lessons building on each other, making for a solid foundation for technical and expressive competence.

Starting with the basics of tools and materials, and how to start a drawing, students are guided through a series of exercises to understand the what, the why and the how of each building block in this method. This will include mark-making, line drawing, blocking-in, interpreting natural forms in simple geometric terms, describing shape, creating the illusion of volume, depicting a three-dimensional object on a two-dimensional surface, measuring for accuracy and proportion, what the Classical Order of Light is and how to portray it, how to control values using pencil pressure, identifying and mapping shadows, and foundational perspective.

A variety of imagery will be used: still life, botanicals, sculptures, portraits, figures and animals.

The course serves as a solid foundation to the skills an artist needs to produce classical drawings.
